only bytes	This workshop/lesson has given me the opportunity to learn some interesting things on the subject	This workshop/lesson has given me the opportunity to improve my learning skills	The way the lesson was organized by the teacher helped me understand the contents better	The tasks given to me by the teacher at the beginning of each group-work activity was appropriate and sufficient to support my learning process.	I liked the fact I could understand the topic and work my way throughout the material also without the help of the teacher	While working in groups I managed to stay focused on the task and I felt engaged
